RENEWAL Application for a Permit to Construct and Operate a Solid Waste Facility

Use the [Instructions for Completing the Renewal Application to Construct and Operate a Solid Waste Facility \(DEEP-SW-INST-106\)](#) to assist in completing this form. Print or type unless otherwise noted. Your submittal to DEEP must include: This

completed *Permit Application Form* (DEEP SW-APP-106) and all required supporting documents, including a copy of the published notice of permit application and the completed [Certification of Notice Form](#) and the fee.

A renewal application cannot include any proposed changes to the existing design, capacity, process or operation of the facility, including the Facility Plan engineering drawings and the Operation and Maintenance Plan, that would require a modified permit pursuant to section 22a-208a(d)(1) of the Connecticut General Statutes ("CGS"). For those proposed modifications, a pre-application meeting must be scheduled by contacting the Bureau of Materials Management and Compliance Assurance at 860-424-3366. If you are seeking to transfer ownership of an existing solid waste facility license, you must use the [License Transfer Form](#) (DEEP-APP-006).

Part I: Permit Type

- In the table below, check only one box in the left column to identify the type of solid waste facility for which you currently hold a permit. Provide the existing permit number and expiration date. Complete one permit application for each solid waste facility requiring a permit renewal.

Part VII: Certification

The applicant, the individual(s) responsible for actually preparing the application and a professional engineer must sign this part. An application will be considered incomplete unless all required original signatures are provided **and represent the proper signatory authority as specified in Part VII of the instructions**. If the applicant is the preparer, please mark N/A in the spaces provided for the preparer. (Additional signature pages may be submitted.)

I have examined all information in support of this renewal application for a solid waste facility permit for the activities which are the subject of this application, including all supporting documentation. I certify that to the best of my knowledge and belief, with the exception of those documents specifically identified in Part V of this renewal application, that NO modifications or changes have been made to the existing design, capacity, process or operation of the existing facility, including the Facility Plan engineered drawings and the Operation and Management Plan, since the most recent date such facility's operation was authorized by the Department of Energy and Environmental Protection. Only those documents selected in Part V of this application have changes and therefore are being resubmitted to the department for approval. Supporting documentation, specifically identified in Part VI of this application including the facility plan engineered drawings and the Operation and Management Plan, are being incorporated by reference and are not being resubmitted since such documents were previously submitted and approved by the Department of Energy and Environmental Protection. I further certify that I will submit any documents incorporated by reference to this application or any additional information to the Department of Energy and Environmental Protection upon written request.

I also certify:

- ☒ that I have reviewed the most recent DEEP approved coastal boundary maps in the area where existing activities are authorized and if required have submitted a [Coastal Consistency Review Form](#) (DEEP-APP-004), as well as the Site Plan and Operation and Management Plan for the facility to the Office of Long Island Sound Programs. Information on the coastal boundary is available at: 1) www.cteco.uconn.edu/map_catalog.asp (Select the town and then select coastal boundary. If the town is not within the coastal boundary you will not be able to select the coastal boundary map.) or 2) the local town hall or 3) on the "Coastal Boundary Map" available at DEEP Maps and Publications (860-424-3555). If applicable, provide the most recent date of submission of the Coastal Consistency Review Form to the Office of Long Island Sound Programs _____;
- ☒ that I have reviewed the most recent "[State and Federal Listed Species and Natural Communities Map](#)" to determine if the existing activities are located within an area identified as a habitat for endangered, threatened or special concern species and if required I have submitted the [Connecticut Natural Diversity Data Base \(CT NDDDB\) Review Request Form](#) (DEEP-APP-007) to the address specified on the form.
If applicable, provide the most recent date of submission of the CT NDDDB Review Request Form: _____;
- ☒ that I have determined if the site is located within a municipality required to establish [Aquifer Protection Areas](#), as defined in section 22a-354a through 354bb of the General Statutes (CGS) and if located within a delineated aquifer protection area, I have registered with the municipal Aquifer Protection Agency or the Department of Energy and Environmental Protection. If applicable, provide the most recent date of submission of registration and specify the agency: _____.

I have personally examined and am familiar with the information submitted in this document and all attachments thereto, and I certify that based on reasonable investigation, including my inquiry of the individuals responsible for obtaining the information, the submitted information is true, accurate and complete to the best of my knowledge and belief.

I understand that a false statement in the submitted information may be punishable as a criminal offense, in accordance with Section 22a-6 of the General Statutes, pursuant to Section 53a-157b of the General Statutes, and in accordance with any other applicable statute.

I certify that this application is on complete and accurate forms as prescribed by the commissioner without alteration of the text.

I, the Applicant, certify that I will comply with all notice requirements as listed in Section 22a-6g of the General Statutes.

Re: Renewal Application to DEEP for Permit for the Construction and
Operation of a Solid Waste Facility at 33 Mucko Road, Bloomfield

Dear Mayor Harrington:

In accordance with the DEEP Requirements of Public Notification relating to the referenced application, I am submitting to your office a copy of the CERTIFICATION OF NOTICE FORM-NOTICE OF APPLICATION and a true copy of the Public Notice published in the Hartford Courant.

A copy of the Application was submitted to Peter Calstaldi, Wetlands Agent, as required by the DEEP for his review due to the existence on the 33 Mucko Road Property of a Conservation Easement and Conservation Restrictions in favor of the Town of Bloomfield. No activities proposed by this Application or the construction or operation of this Facility infringe on the Conservation Easement Area or violate any of the Restrictions enumerated in the Conservation Easement.

At the time of the initial application to the DEEP, an applications, plans, designs and supportive data were submitted to and approved by the Inland Wetlands and Watercourses Commission due to the fact that, while all activities occur on upland soils and there are no impact to wetlands soils or watercourses, some construction activities were conducted within the 200' wide Regulated Area adjacent to wetlands and watercourses.

At the time of the initial application to the DEEP, an applications, plans, designs and supportive data were submitted to and approved by the Planning Department for Site Plan Approval and for a Special Permit from the Town Planning and Zoning Commission.

No action is required on your part on this matter. Our actions in making these submissions meet and exceed the requirements of the DEEP for Public Notice and Notifications relating to our application to the DEEP for a Permit for this facility.

Very truly yours,

Lucien Cance, Jr. for

Notice of Permit Application
Town of Bloomfield, Connecticut

Notice is hereby given that Central Recycling, LLC (the "applicant") of 33 Mucko Road, Bloomfield, CT has submitted to the Department of Environmental Protection an application under section 22a-208a of the Connecticut General Statutes for the renewal of a permit to conduct a regulated activity consisting of the construction and operation of a solid waste facility.

Specifically, the applicant proposes to construct and operate a Solid Waste Volume Reduction Facility to receive, sort and recycle up to a maximum of 100 tons per day of certain construction and demolition waste and debris consisting primarily of brick, concrete, masonry rubble, scrap metal, clean wood, gypsum, cardboard and paper and oversized MSW wastes consisting primarily of carpeting and pads, couches, rugs and similar bulky household wastes. Unrecycled material will be removed from the site by covered trailer dump and recycled material will be removed from the site by covered dumpster on roads leading to the north, away from the residential areas of Bloomfield. The proposed activity will take place at 33 Mucko Road, Bloomfield, CT. The proposed activity will potentially affect the existing storm water drainage system and the adjacent wetlands and watercourses, however the approach to the construction and operation of the facility proposed in the application include storm water management measures, erosion controls and procedures such as the receipt and processing of all materials inside the proposed building so that these impacts are prevented.

Interested persons may obtain copies of the application from Lucien Cance Jr, at Central Recycling LLC, 33 Mucko Road, Bloomfield, CT 860-688-3955, lucienc@windsorsanitation.com.

The application is available for inspection at <https://windsorsanitation.com/wp-content/uploads/2026-DEEP-Renewal-Application.pdf> and at the Department of Energy and Environmental Protection, Bureau of Materials Management and Compliance Assurance, Waste Engineering and Enforcement Division, 79 Elm Street, Hartford, CT 06106-5127, telephone (860) 424-3366 or (860) 424-3000 from 8:30 to 4:30 Monday through Friday.
